### ***Mission Statement***

*The Columbia Congregational United Church of Christ as part of the United Church of Christ and the worldwide Christian Church is called by God to be disciples of Jesus, the Christ. Therefore, the mission of the Columbia Congregational United Church of Christ is to worship God and to preach and teach the Gospel of Christ: to promote Christian fellowship among our members and friends, and to live in Christian fellowship with the Church Universal and the whole creation; that we might live faithfully, serving God and humanity, and striving for righteousness, justice, and peace.*

## **FROM THE PASTOR'S PORCH**

These last few days have been just perfect in my opinion. Sitting on the porch with the warming sun pouring in on me, I enjoy the sight and fragrance of the hanging pink petunias and the two pots of pink, blue and magenta petunias with the interruption of small yellow daisy like flowers – I don't know what they are- that continue to put on a lush display. While I enjoy these moments, the potted garden against the garage draws my attention more frequently because of the presence there.

Yesterday, its brown body lay, still as a stick about 5 inches long, across the geraniums by the garage door. The evening before I had not seen it at all, until I watered the red impatiens and its long legs pulled its body quickly out of the way of the torrent from the hose. Several days before, it had been on the coleus, its triangular head with the two eyes in opposite corners watching me. Only once have I seen two at a time. These two praying mantises (is that the plural of mantis?) which have been praying over my garden and I have had this hide-and-seek relationship since early summer when I saw my first one on the back porch post. Then it was all green and only about 2 inches long. Every summer since the day we moved into the parsonage, we have had these friendly insects visiting us. This is the first year they have been brown and I have seen more than one at a time.

While their common name comes from the way they draw their front legs up into a prayerful position, I do feel blessed by their presence. I worry about what happens to them when the frost comes, when winter snows fall. When I clean up after the killing frost, will I disturb their life cycle, destroy carefully laid eggs? I need to get more information about them.

I think of God when I discover these creatures. Sometimes God is right in front of us, but in our hurry we fail to see. We need to slow down and open ourselves for the mystery of God to be revealed. Sometimes God is concealed and we must have faith that God is there, somewhere in the clutter of flowers in our lives, or in life's winter chill that can come even in the midst of a hot summer. Trusting God's active presence in our lives requires faith and that faith is strengthened by knowledge of scripture and Christian fellowship, worship and service. In the midst of life we are called to pray, whether we draw up our arms in a prayer position or not. Without our active involvement, our faith grows weak or disappears and we arrogantly claim all good things of our own making.

My garden has been quite wonderful this year, and the harvest from my four tomato plants unusually bountiful. There are a number of factors for this outcome but I like to believe the presence of the praying mantis have brought a blessing that can only come from God. Perhaps most important is they remind me to be still, watch, listen, and be with God in prayer.

Come to church regularly. Participate in church activities. Find comfort and faith and strength in the Word and worship, and in the Christian fellowship. Let's find God together in the mystery of life, in the teachings of Jesus, the Christ, and through the power of the Holy Spirit. Meet you there.

## ~CHRISTIAN EDUCATION~

Rally Day was an awesome day. It was great to see all the familiar and new faces to celebrate the beginning of Church School. We are celebrating the Fruit of the Spirit this year. We had a Bible verse treasure hunt (Galatians 5:22-23) and then talked about how the verse reflects our Christian Faith. We had fun making necklaces out of fruit loops and fruit kabobs which was our contribution to the Rally Day picnic.

Each week of Church School we will emphasize one of the Fruits of the Spirit. Each student will make a label with that fruit and hopefully be asked how that fruit can be shared. The first fruit given was love. Love one another and love the Lord with all your heart, with all your soul, and with all your mind. We will follow with the fruit of joy. How does joy affect your life as a Christian?

We have finished collecting school items for our Church World Service School Bags and if you have contributed to this wonderful mission then you will bring joy to the children who receive the school bags. Thank you for the love and joy you bring to children around the world.

As we begin to enjoy the Fall season let's remember to embrace the love and joy of apple picking and apple cider, and the splendor of the leaves changing and painting a masterpiece for us to enjoy. And when the time comes to pick just the right pumpkin for your jack-o-lantern I hope you will remember this prayer as you carve your pumpkin.

As I carve my pumpkin help me say this prayer:  
 Open my mind so I can learn about You;  
 (Cut the top of the pumpkin)  
 Take away all my sin and forgive me for the wrong things I do.  
 (Clean out the inside)  
 Open my eyes so Your love I will see;  
 (Cut the eyes out in heart shapes)  
 I'm so sorry for turning up my nose to all you've given me.  
 (Cut a nose in the shape of a cross)  
 Open my ears so your word I will hear.  
 (Cut the ears shaped like the Bible)-we did rectangles  
 Open my mouth so I can tell others You're near  
 (cut the mouth in the shape of a fish)  
 Let Your light shine in all I say and do! Amen.  
 (Place a candle inside and light it)  
 Amen,
