## Pastor's Porch Article

April showers bring May flowers, as the saying goes. April certainly brought plenty of rain and flowers were in bloom by Easter. In the past I have talked about “the greening” that occurs seemingly overnight in the spring. When you read this that day has come and gone and I expect leaves have burst forth on branches everywhere. It is this consistency and certainty of God’s creation that seems to ground me as each new day brings its joys and troubles. Certainly, nature can bring devastation, but even so we can count on rebirth. After the fires, flood, mudslide, tornados and blizzards comes the new life emerging from the devastation.

Easter morning reminded us of God’s promise of rebirth. And spring reminds us that we can count on new beginnings. It is these sureties that give us the strength and will to keep moving forward with hope. And it is the desire for these things to continue that we put some effort into our faith and into preserving the natural balance in the world, both of which we are free to turn our backs on, but to our detriment.

Interestingly Mother’s Day falls in May, the season for birthing of new life. Sure, some creatures come earlier and human birthing happens all year round, but the 2<sup>nd</sup> Sunday of May seems a good marker for the nurture of new life. Perhaps it is helpful to remember during troubling times that new life always comes. Jesus demonstrated his participation in bringing people into new life and calls us into participation with that ever evolving new life.

So, rejoice with me in the new life that nature brings and Jesus promises.

### The Ladie’s Missionary Society

Except for those Sunday School, which began in 1720- (see Newsletter-May 1990), the Ladies Missionary Society was the oldest of the Church organizations which were formed in, the 1800’s.

The original record book consists of eleven sheets of ruled paper sewed together in a simple cover of heavier material. Each year’s record uses a single page, giving only the date of the annual meeting, the officers, and the names of the collectors with the amounts obtained in their (then) six school districts of the town.

The amount of \$21.75 was the total for the first year-a very impressive sum for that era when farming was the principle means of livelihood and a dollar was far more significant amount than it is today.

The annual “Missionary Teas” were social events of the summers during the early decades of the 1900’s. The programs featured a talk by the missionary (usually one recently returned from foreign service) and an offering which was combined with the ladies’ mite boxes which had replaced the district collections as a means of fund raising. Following the programs, which were held in the chapel, refreshments of iced tea (a tradition for the occasions) and sandwiches and cookies were served.

The Columbia society had in 1885 become an auxiliary of the Hartford Branch of the Women’s Board of Missions. However, within a few decades it was becoming apparent that other means of financing the church’s missionary support were more efficient; and in 1935 the Ladies Missionary Society voted to disband and merge with Ladies Aid.

We seek to be a loving and caring church community, contributing our time, our resources, and our love to help and support each other in times of need. This is the goal of our Care Team. These volunteers do not replace Pastoral visits or calls. **Should you or anyone that you know need a little TLC from our Care Team, please contact Sue Milici at 860-228-4427 or email [smilici@earthlink.net](mailto:smilici@earthlink.net)** New volunteers are always welcome!
